Bangkok, Thailand | 094-621-1461 | luchmee279@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

IT student with hands-on experience in data analysis and business intelligence, using Power BI, SQL, Excel, and Power Query to build interactive dashboards and translate raw data into actionable insights. Also bring foundational front-end development skills (HTML, CSS, JavaScript) from coursework and project work. Seeking a Data Analyst or Business Intelligence internship to apply and grow these skills on real-world projects.

EDUCATION

Bachelor of Information Technology | Siam University , Bangkok

Aug 2023 - Present

- Relevant coursework: Database Management, Information Systems & Design, Web Development
- GPA: 3.76 / 4.0

General Education Development (GED) | Thailand

PROJECTS AND EXPERIENCE

Telecom Customer Churn Analysis & Retention Dashboard | Power BI, DAX, Python

- Built a 4-page interactive Power BI dashboard analyzing customer churn using the IBM Telco dataset, cleaning and preparing data with Python before modeling and transformation in Power Query.
- Identified key churn drivers — including a 42%+ churn rate among month-to-month contracts and a critical 0–6 month early-tenure drop-off — and delivered executive-level retention recommendations, including onboarding touchpoints and contract migration incentives.

E-commerce Sales Performance Dashboard | Power BI, DAX

- Built an interactive Power BI dashboard analyzing \$2.26M in sales across 5K orders, 793 customers, and multiple regions, categories, and customer segments.
- Used DAX measures and interactive filtering to identify top-performing categories and regions, translating findings into business recommendations for inventory planning and segment targeting.

Student Performance Analysis Dashboard | Power BI, Power Query

- Built a Power Query pipeline to clean and transform raw student data, handling missing values and standardizing formats across demographic and academic fields.
- Designed an interactive Power BI dashboard analyzing academic performance, attendance, and family background factors, using DAX measures to surface trends like the link between parental status and absenteeism.

TECHNICAL SKILLS

- **Data Analysis & BI:** Data Analysis, Data Visualization, Data Modeling, Dashboard Development, KPI Reporting, Business Intelligence
- **Tools:** Power BI, DAX, Power Query, Excel
- **Databases & Languages:** SQL, MySQL, Python (pandas-data cleaning)
- **Other:** HTML, CSS, JavaScript

CERTIFICATIONS

- **Power BI Certification** – Alison (2025)
- **Responsive Web Design Certification** – freeCodeCamp (2025)
- **Skylab Hackathon: AI Series** (Siam University 2026)

ADDITIONAL INFORMATION

Languages: English, Nepali, Hindi, Burmese

Soft Skills: Attention to detail , Team collaboration, Adaptability, Willingness to learn, Self-Motivated

Volunteer: Event Assistant – International night Event | Siam University
